Penridge Youth Baseball Mission Statement

Through the sport of baseball, Penridge Little League will implant a sense of honor, integrity, family values and a respect for authority and of one another. This will help develop a winning attitude in all aspects of an athlete's life. We will instill these values by the application of nurturing instruction, friendly competition and providing a sense of teamwork. The application of these virtues on and off the field will develop the basics for future growth, opportunity and friendship that will benefit the athlete, team and community. We believe these principles to be true; regardless of an individual's abilities, and that these goals will ultimately provide success to each athlete!

9. **VOTE:** 8U Rams Baseball: Implement Tournament Age starting with 8U. This is this years first year considering Rams Baseball and will not require any changes or adjustments down the road as it would for current Rams teams (9U and Older). Tournament Age Determination dates are: 5/1 - 4/30. Current 9U group is the only group that has some potential impact. Solution: 9U must hold try out and selections prior to 8U each year. If any Tournament 9U age players are not selected for the 9U team, they

will be eligible to be considered for the 8U. This will carry over each year until the current 9U's age out of their 12U year.

Majority voted for changing of Rams Travel baseball to use May 1st - April 30th birthday ranges instead of normal Little League ages (9/1 - 8/31) for Rams travel baseball. Should make our tournament teams more competitive.
